

# FOUNDATION PROGRAMME

**Implementing an effective  
domestic abuse response**

## What is the EIDA Foundation Programme?

**Our two-session programme provides step-by-step guidance to implementing an effective domestic abuse response within your organisation. The programme is based on learnings from our collective of over 1,500 EIDA member employers and is directly informed by the experience of survivors of domestic abuse. Each session is half a day, with an additional 1-1 follow-up session. You will join a small group of other employers and will be able to share insights and learn from each other's experience.**

**The EIDA team and external speakers will support you to establish policies and guidance, and to implement a long-term strategy. By joining the EIDA Foundation Programme alongside other dedicated employers, you will be demonstrating your commitment to addressing domestic abuse and taking action to change lives.**

**WHEN: 19 April & 24 May 2024**

**WHERE: Hogan Lovells, Atlantic House, Holborn Viaduct, London EC1A 2FG**

# THE PROGRAMME
